Loop in R

- for- loops

In R:

loop variable

boundaries for i

1:5 : i starts at 1 and ends at a value of 5

```
for ( i  in  1:5 ) {
```
1,2,3,4,5

→ Loop body

```
  cat (i, "\n")
```
↳ new line

output   value of loop variable i

```
}
```
